Hello,

Hereby I send you the Søknad om tillatelse til tiltak uten ansvarsrett for Vestre Karmøyveg 748 Gnr.31 Bnr27.

In the attachments you'll find the following documents:

- Søknad om tillatelse til tiltak uten ansvarsrett side 1
- Søknad om tillatelse til tiltak uten ansvarsrett side 2
- Situasjonkart
- drawing Vestre Karmøyveg 748 - total overview
- 1 drawing Vestre Karmøyveg 748 roof
- 2 drawing Vestre Karmøyveg 748 side view
- 3 drawing Vestre Karmøyveg 748 top view

As agreed with John Karsten Vedø, (today's meeting), the rooftop windows will be placed between the beams, so there will be no change in the rooftop construction. Nabovarsel was not necessary according to him and Selina Simpson-Harson. The height of the terrace will be between 1000mm and 1200mm, which differs because of the uneven ground in the garden.

If there is anything else you need, please contact me.

Have a nice day

Hilsen,

Remco Leppers
